## Introduction

During the Coronavirus, many people repented of their wicked ways and witnessed God's protection and favor. However, after the Coronavirus, people went back to their old wicked ways. They had forgotten God's favor and protection in the time of coronavirus. The plague of coronavirus was quickly forgotten. Christians are caught up in their lives of false peace. They continue to live in their old ways of wickedness.

During this time when the world was caught up in false peace, God gave a glimpse of the coming darkness to a young person in the form of a tsunami. Just like Samuel (in the beginning), this young man initially questioned whether God was really disclosing His plans when He first began to reveal them. But over time when he recollected the dreams or visions, the content included in these dreams or visions reflected the recent happenings in the world. This world is on the verge of world war, and a slew of natural disasters are all pointing to the start of the end times. The coronavirus could be just the beginning of the birth pangs of difficulties that will lead to the second coming.

This book is a collection of dreams and visions that God gave to a young person about the coming tsunami of darkness. The tsunami of darkness has the potential to cause more greater devastation than the recent coronavirus. This tsunami of darkness is a collection of new dangerous plagues, deadly natural catastrophes, deadly dark sins, and so on that is approaching and about to make landfall. The tsunami can cause far more damage than coronavirus. As you read this booklet, let you prepare and equip yourself for the coming days of darkness and experience the light of God's knowledge in your situations and prepare for the end times.

## Calling of Intercessors

God in His mercy has given a vision to a young man about the upcoming season. In this vision, a heavenly visitor takes the young person to the shore of a beach. He was facing the direction towards the sea. From there, he could see enormous waves of darkness that were moving towards the land. These waves were completely dark and as tall as the sky. Towards the left of the young person at some distance on the shore, Jesus was seen praying. Jesus was interceding with weeping while in a severe state of tears on the shore. Jesus was the only person interceding for the tsunami to stop.

Immediately Jesus looked at the young person. Jesus' eyes were sobbing and filled with tears. Jesus said to the young person "Start praying and urge or tell others to pray". To the visitor next to young person, Jesus said bring some more intercessors to pray. Then the visitor brought about 100 kids. Jesus called these kids as intercessors. The young children prayed simple prayers and have no prior experience with spiritual warfare. The experienced intercessors are occupied praying for their needs. Jesus himself trained these 100 small kids. These kids were standing next to Jesus and got a privilege to pray along with Jesus. Intercessors are those who pray alongside or along with Jesus.

Jesus asked the visitor to bring a lot of intercessors. Lot of intercessors are needed to stop this tsunami. When the tsunami makes landfall, it will cause major devastation. Every intercessor should start praying for his loved ones, church, and friends. Church Pastor or elders ought to pray for their congregations. Every intercessor must cover a set of people from the impact or effects of the tsunami. Each intercessor must bring at least 200 people under their protection. It's not the time to be sluggish, lazy, or

quiet. The tsunami has begun, and the waves of darkness will soon approach land.

This tsunami of darkness will devour all your belongings, possessions, and blessings like locusts. As a group, begin to pray for safety from the tsunami. Gather and start praying for protection from this tsunami. People will think that this tsunami is the beginning of the end times. The end times have not yet begun.

All your savings, jobs, and churches will be impacted by this tsunami. All financial and food reserves will be dried up. Jesus has already started his prayer. He is weeping, wailing, and interceding for the tsunami to stop. His eyes are swollen with weeping. Your heart will break into pieces when you get a glimpse of Jesus' face. Get a glimpse of Jesus's face and join with Jesus in this prayer.

The tsunami is a tsunami of darkness. Damage caused by this tsunami is many more times greater than COVID. A deep darkness will cover everything, including spiritual and material things as result of this tsunami. This will create chaos in financial markets, famines, and food shortage. Many people will die because of this tsunami than COVID.

Start interceding for the people of this land along with Jesus. Start standing in the gap as a God's intercessor. Intercede along with Jesus for the below points

- 1) The landing of this "Tsunami of Darkness" should be stopped. The waves of darkness should not reach the shore.
- 2) Bring a group of individuals or a church under God's protection by your intercession. Weep for yourselves and for your children (Luke 23:28).

Just as Mordecai reminded Esther that she was made queen in the kingdom of King Ahasuerus for such a time as this (Esther 4:14), The

Holy Spirit is also telling us that he has made us a part of God's kingdom (through the Cross of Jesus Christ) for such a time as this to intercede for the people of this land.

## **Training of Intercessors**

A tsunami of darkness is moving toward the land. Jesus and a few other intercessors are pleading with God to stop the tsunami. The intercessors who are praying are mainly kids (not according to age) who are inexperienced in spiritual warfare. Jesus is praying for the tsunami on the one side while instructing the children about intercession on the other. The children are praying, but their lives and vessels are weak. Their prayer is being hindered by the flesh. Although there are many words used in prayer, they don't have any power. Our words and prayer should be led by Holy Spirit. Holy Spirit inspired words in our prayer give power to our prayer. These words, which were inspired by the Holy Spirit, over a period become the voice of the Lord. The Lord's voice breaks bondages and darkness.

The kids or intercessors are using more of their wisdom or knowledge rather than depending on Jesus. True prayer is Jesus must pray through the intercessor. The intercessor needs to be a yielded vessel who lets Jesus to live in them and pray through them.

In the vision, Jesus was interceding along with 100 other intercessors for the tsunami to stop on the shore of the beach. After some time, there were 93 intercessors and 8 people who resembled Jesus. Over time, 7 intercessors have become yielded vessels through whom Jesus was praying. As a result, all seven intercessors have resembled Jesus. For the seven intercessors,

their person was replaced by Jesus and Jesus completely took over their lives.

The heavenly visitor brought another 1000 intercessors. Now totally 1100 intercessors are praying with 8 people who resembled Jesus. To stop this tsunami, there is a need of many intercessors in whom Jesus can completely take over their lives. Jesus lives and prays through these many intercessors. The body is the intercessors, but Jesus lives and takes complete control in the intercessor's life. Christ in you, the hope of glory (Colossians 1:27)

Jesus main goal is that all intercessors must be yielded vessels through whom Jesus can pray. Jesus completely taking over the life of the intercessors. The intercessor's will, thoughts completely taken over by Jesus.

In the 1100 intercessors after some time, there are 40 people who resembled Jesus praying for the Tsunami. While the intercessors are praying, Jesus has taken complete control of some of the intercessor's lives and Jesus was seen praying through them. As a result, we observe the increase in the number of intercessors who resembled Jesus from 8 to 40 out of the 1100 intercessors. The heavenly visitor brought another 10000 intercessors after some time. The intercessors are increasing but there is a need of intercessors through whom Jesus himself is praying.

As you start praying for this tsunami to stop, do ask Jesus also for the below points.

- Jesus to take complete control over your life
- Jesus to pray through you by living in you
- Jesus to give His life and strength to pray

Jesus was telling all the intercessors – “Bend your will and invite the Holy Spirit to take complete control over your life. Do not resist

the leading of the Holy Spirit. Ask Holy Spirit to complete the work he has started”

Father wants a lot of intercessors who resemble Jesus to pray for an end to this darkness. Only the intercession of Jesus can stop or dispel such a darkness.

As you pray for the tsunami, also ask Jesus to take control over every aspect of your life. You become partakers in the Father’s work alongside Jesus as you pray for the tsunami.

## Deep Darkness

The darkness of the water was deep darkness. Deep darkness denotes the presence of multiple thick layers of darkness. There is lust, immorality, worship of false gods, money, etc. in this darkness. Over the years, this darkness has accumulated. During the COVID we got a preview of God allowing this darkness to touch the land. But now, this entire darkness is about to make landfall.

As the young man was looking in the darkness, he noticed some light in the water. This light was dark light. The dark light was false and incorrect doctrines, which destroyed God’s favor and protection over the land. The dark light destroyed lot of Christians by making them crippled by wrong doctrines, a compromised Gospel, lack of truth, lack of faith, and the removal of holiness and the fear of God among the believers. This dark light appeared to be true light but it’s not true light. For naked eye, it looks like true light. We can only determine whether a light is true or false by discernment. The dark light removed holiness and fear of the Lord over the land. When there is no fear and holiness of the Lord, there is an abundance of sin.

Under the dark light, there he saw bricks of dark light. These bricks are the deeds and works of this dark light. The believers over years who obeyed and followed this dark light birthed dark light bricks. Under the exposure of this dark light, the believers lived in adultery, fornication, greed, and more wicked deeds of the land. This light has made believers to live or dwell in sin without the need of repentance. Some believers lived in willful sins and participated in God's works and activities. This light had made the believers comfortable to live in sin and made sin as part of their lifestyle.

Among Christians in the land, 60% Christians produced dark light deeds. As a nominal believer, it is difficult to distinguish this dark light and more challenging to come out of this dark light. This dark light pulls you closer to the doctrine rather than Jesus. This dark light highlights the importance of certain doctrines. Believers are made to believe only certain doctrines by this light. Anything which gets higher preference than Jesus even though it's a doctrine is false. Although it appears to be light, but there is unholy fragrance.

In light when there are unholy works or deeds, then its dark light. Dark light produces dark deeds and true light produces true deeds. Judge the light based on fruits or deeds not on the illumination or brightness of the light. Dark light deeds have produced dark light bricks. Intercessors must pray for the shattering of dark light and its works or bricks. When these black light bricks break and are brought to the public, many ministries will be exposed.

Intercessors start praying for these dark light bricks of deeds to break. These bricks produced hardness in the hearts of believers. Over time, the heart has developed into a storage facility for these bricks, turning it into a heart of stone. Ezekiel 36: 26 – I will take the heart of stone out of your flesh and give you a heart of flesh. In this verse, God mentioned that he will take the heart of stone out of flesh. It means some hearts are turned to stone.

Hearts of stone were created by this dark light. Believers have transformed into rigid, soulless and lifeless beings. There is no love for Jesus and others. A heart of stone is rigid and incapable of displaying compassion, love, or mercy to others. Because of this light, the believers are unable to show love, compassion, and mercy to others. This light has closed believers' eyes and hearts to show compassion, mercy, and love for the needful. Rigidity is caused because of sticking to only this dark light-based doctrines.

Intercessors start praying along with and in Jesus for the below points.

- 1) Eyes of believers opened to distinguish between genuine light and dark light
- 2) Repent for dark light deeds and return to the true light.
- 3) Believers to get exposure of true light in Jesus.
- 4) Heart of stone to plucked from the believers' hearts
- 5) Believers should once again show Jesus' love for others.

## **Epicentre of Darkness**

When the young person looked at the waves of the tsunami, he saw spots of extreme darkness. As the young person looked closer at these spots, in these spots were well known preachers and prophets of God. They have become the epicentre of this darkness. These preachers are vessels of Balaam, who enticed people into doing things or acts against God that will result in God's destruction and wrath. These preachers preached a compromised Gospel by introducing idol worship and encouraging immoral behavior leading to sexual immorality (Revelation 2:14). They make believers adapt to sins or works that attract God's wrath. Idol worship and

sexual immorality attract God's direct wrath. Sexual immorality is a dangerous contiguous sin. It's a sin that quickly spreads among believers. These sins can turn a city into Sodom and Gomorrah. Sexual sin is an enticing sin that leads to many other sins.

The dark spots are preachers like Balaam who through their doctrines, have ruined the lives of millions of believers. Balaam was a person to whom God spoke. The Bible contains numerous examples of how God spoke and dealt with Balaam.

- 1) God came to Balaam
- 2) God met Balaam
- 3) God said to Balaam
- 4) The Lord put a word in Balaam's mouth
- 5) The Lord opened Balaam's eyes
- 6) The Angel of the Lord said to Balaam

Balaam was a diviner who can foretell the future, curse, bless, and advice people. Balaam used to collect a diviner's fee for consultation. Balaam provided consultation to everyone, good or evil. Balaam provided consultation to people who went against the Lord's commandments or will. When Balak sent people to curse others, instead of rebuking them, he associated with them and asked the Lord.

Balaam has all his spiritual senses tuned by God himself so that he may hear, see, speak, and pronounce God's plans. Balaam had a track record of receiving an answer from God in an overnight. All these experiences and track record with God did not change his thinking, greed, and covetousness nature.

Balaam started to earn a living by selling these revelations and prophecies. To the outside world, Balaam appeared to be someone who saw and communicated with God, but his inside world was

filled with covetousness and gain. When our experiences and encounters with God do not transform our inner selves—such as our lust, greed, and materialistic desires—we risk becoming like Balaam. Maybe God has given all these experiences to Balaam to correct and save him.

Balaam was a person to whom God spoke but was used by Balak to destroy Israelites. God sent a plague that killed 24000 Israelites because of Balaam's advice to Balak about enticing Israelites with idol worship and immorality. Balaam was directly responsible for the death of 24000 Israelites.

Balaam's advice was to introduce the seed of idol worship and sexual immorality. The seeds of sins must be identified in Balaam's advice or doctrine.

Now Israel remained in Acacia Grove, and the people began to commit harlotry with the women of Moab. They invited the people to the sacrifices of their gods, and the people ate and bowed down to their gods. Numbers 25:1 & 2

Today also there are preachers and prophets, like Balaam, to whom God speaks but used by the enemy to destroy God's church. Although the Balaam's can perform amazing miracles, healings, and supernatural signs, but there is a distortion in their doctrine and their lives. Beware of them.

These preachers make money from their revelations and prophecies. When there is covetousness and greed, the preachers to whom God communicates turn into the enemy's weapons. Covetousness and greed have the power to transform a preacher or a ministry from being God's vessels to enemy's vessels. Genuine prophets of God can become diviners like Balaam because of covetousness or greed.

These preachers or prophets like Balaam introduce seeds of lustful sins which will entice believers. The teachings of Balaam entice believers and lead them to consider and explore living a sinful wicked lifestyle. Joseph ran from lustful sin whereas Israelites allowed the lustful sin. If their doctrine directly induces God's wrath, run away from those Balaam's. Those preachers themselves will be destroyed and they will destroy you also.

These Balaam's have already destroyed millions of believers in the past. The same Balaam's teachings will bring God's wrath on lot of believers.

As intercessors, do pray for the below points.

- 1) Believers to recognize and protect themselves from preachers like Balaam in the church.
- 2) God to open the Balaam's eyes so that he could see evil or devastation ahead of him.
- 3) God to open the mouths of donkeys so that they could speak to preachers like Balaam.
- 4) God to overturn Balaam's enticement on believers.
- 5) The teachings of Balaam to be exposed and destroyed.

## **Inexperienced Intercessors**

In this vision, the heavenly visitor brings lot of intercessors who are children (not in age) to pray along with Jesus to stop the Tsunami of Darkness. Some of these children come from broken families, in depression, or in sinful jobs in brothels, red light districts, or drug cartels. These children are having their own set of difficulties, depressions, and trauma. They are wondering and perplexed of why they are called as intercessors along with Jesus.

The heavenly visitor was looking for intercessors but was unable to discover anymore because experienced intercessors are busy praying for their needs. As a result, the heavenly visitor brought backslidden, sinful Christians as intercessors before God. Some of these intercessors seldom read the Bible and don't live a life of prayer. Only one or two lines make up their prayers. They cannot pray for more than 10 minutes. Half the intercessors cannot pray for more than 10 minutes. These intercessors lack the patience necessary for prayer.

In the intercessors

- **40%** – are in depressions, come from broken families, and have many unanswered prayers.
- **20%** – are nominal Christians with no prayer life
- **20%** – come from sinful backgrounds like brothels, drug cartels
- **16%** – simple hearted people
- **4%** – are experienced intercessors

Most of the intercessors don't have a track record of answered prayers. Some of the intercessors are like Esther's planted in king's palace waiting for Mordecai to push them to enter into God's plan. Some of the intercessors are like Rahab's hiding in sinful places like brothels, red light districts, drug cartels, etc. God calls all these Rahab's as an Esther. The same God who planted Esther in a palace also saved some Rahab's in brothels. There were a number of Rahab's from brothels in these intercessors.

Human tendency accepts people from royal, rich, and well settled backgrounds. The fallen mindset favors highlighting people with wealthy and well settled backgrounds, like Joseph and Esther. Esther and Joseph were planted by God in palaces. But when we look at Rahab's life, we despise and look down on her due to the

sinful environment in which she lived. Once Rahab repents and turns to God, God sees Rahab in the same way He sees Esther. God sees both Rahab and Esther as the same. Jesus gave a lasting name to Rahab as she became a part of the genealogy of Jesus. Rahab was a part of Jesus lineage, whereas Esther was not. God had a special place for Rahab's in His heart. All Rahab's are daughters of God and God is still their father. Some Rahab's entered sinful places or ways of life due to their mistakes, faults, or circumstances. God is willing to include Rahab's as part of His great plan.

God is picking intercessors from all backgrounds including good and bad. From software, he is picking some. From brothels, he is picking some. From drug cartels, he is picking some. From medicine, he is picking some. A software professional is more suited to intercede and pray for the particular sins or darkness that exist in that sector. Similarly, a drug cartel member can pray and intercede better for the specific sins or darkness that are present in the drug industry.

Don't judge an intercessor based on their past life. Accept them in the way God accepted you.

The intercession you make to God won't be genuine if you don't accept other intercessors and judge them based on the basis of their past.

As intercessors do pray for the below points

- 1) God will raise up more intercessors from all backgrounds of life
- 2) Darkness in all backgrounds to be exposed and destroyed.
- 3) For intercessors to love everyone with a simple heart like Jesus, regardless of their past.

## Jesus praying through the intercessors

In this vision, God showed a young person about the Tsunami of Darkness. Along with Jesus, some intercessors are praying for the tsunami to stop. The only way to stop this tsunami is by intercessors through whom Jesus prays. Jesus should pray through the intercessors.

There were around 1100 intercessors praying along with Jesus. Only 40 of the 1100 intercessors were praying like Jesus. There are only 40 intercessors because the majority of the others did not entirely yield their lives for Jesus to completely take over and possess them. Jesus prays through the intercessors whom he completely takes over. Jesus must live and pray through the intercessors. They are rejecting Jesus to completely take over their lives by their doctrines and methods of prayer they learned for many years. The past experiences of intercessors are obstructing Jesus to completely take over their lives. The intercessors are portraying their past experiences before Jesus.

The outcome of all doctrines and methods of prayers is to see and know Jesus in all His fullness. Doctrines and prayers must lead our lives to a total dependence on and obedience to Jesus. A prayer or a doctrine is way to see and know Jesus in a season. Every season has season specific doctrines and prayer. Clinging to doctrines and experiences of the past seasons is making the prayer of intercessors ineffective. True intercession starts with seeing Jesus and praying the words that Jesus wants us to pray until Jesus completely takes over our lives and prays through us.

When Jesus asks us to pray for some points, a complete obedience is needed. There should be no deviation in praying for the prayer points. Jesus is teaching some intercessors about the importance

of obedience when praying for His prayer points. In order to become yielding vessels, all intercessors must first be obedient vessels to God's voice. Without complete obedience to Jesus's voice and words, it's difficult for Jesus to pray through you.

Intercessors are making ineffective prayers because of their past experiences and the type of prayers i.e. long prayers, prayers with many words without Holy Spirit's guidance, prayers that are not sincere, etc. Jesus is teaching the intercessors on how to pray in truth and in Spirit with the guidance of the Holy Spirit. Jesus is instructing the intercessors the need to pray simple truthful prayers from their heart. Jesus had to make some intercessors unlearn their old prayers and experiences.

In Judah, it was said: The strength of the laborer fails, since there is so much rubble. We will never be able to rebuild the wall. Nehemiah 4:10

The prayers of some intercessors have become like rubbles which have no power and can never be able to rebuild the wall of Jerusalem. Rubbles can be the way to prayer or copied prayers from others or prayers without experiencing God's agony or repeated prayer style or too many vain words or repeated use of same scripture in prayer or long prayers or prayers without the guidance of Holy Spirit. These prayers have created and accumulated rubbles in God's kingdom over the years. These rubbles have no power and can never be used by Jesus to stop the tsunami.

These prayers have wasted time and effort for the intercessors and there is no benefit for the kingdom of God. Jesus is clearing all these rubbles created by these prayers and burning the rubbles with fire. From scratch, Jesus is teaching true intercession to these intercessors. Intercession begins when God deposits His agony or

transfer His suffering to the intercessor. The intercessor needs to work on the agony with the help of Holy Spirit until this agony turns to triumph or victory.

As intercessors, do pray for the below points

- 1) God to clear or clean all prayers that have become rubbles in the kingdom of God
- 2) Intercessors to completely obey God's voice and words
- 3) Intercessors and believers to be willing to unlearn all doctrines and prayers if Jesus corrects them
- 4) God to deposit His agony on intercessors and believers.
- 5) Restore the power of prayer in the lives of believers and intercessors.

## **Intensity of the darkness**

In this vision, there is a tsunami of darkness approaching the land. The young person saw waves of darkness coming, but he could not gauge the intensity of the darkness. What exactly was there in the darkness cannot be seen until the young person looked closely into the darkness. The young person saw dense thick layers of darkness concealed in this tsunami of darkness.

In this darkness, there are layers of lust, adultery, greed, criminality, idolatry, etc. The approaching tsunami of darkness resembles a black hole. Black holes are not visible to naked eye or normal telescopes, only with specialized telescopes they can be seen. This tsunami of darkness can be seen by those people to whom God reveals and opens their eyes. This tsunami is like a black hole, absorbing everything in its path. A black hole does even let light escape once light enters the black hole. Due to the fact that

black holes only absorb light and do not reflect or radiate back light, they are concealed or hidden in space.

There are several layers of evil in the tsunami of darkness, including lust, adultery, greed, jealousy, and money. Each sin in a believer (when there is no repentance) over a period creates a craving for more of sin, worldly growth and self-identification. There is no satisfaction. Repentance stops this craving for more of sin. Black holes grow by absorbing more and more particles in the way. This tsunami of darkness has grown more and more for the last few years by absorbing the believers' sins.

Lot of believers are caught in the web of sins like greed, lust, money, and pride. Over time, these sins created a dissatisfied lifestyle and created a desire to acquire and receive more worldly blessings. All the believers and preachers who are trapped in these layers, want more from God and people. Instead of giving to people they try to get from people. In some cases, they force people to give everything they have.

There is a craving to get more wealth or receive more worldly blessings in order to expand their sinful empires on earth.

Instead of building God's kingdom, they build their own personal self-made empires. Their self-made empires serve as a fortress to cover their sins.

Nowadays, churches have become man-made empires where preachers and believers hide their greed, lust, money and other sins.

These man-made church empires over the years have also been responsible for the tsunami of darkness. Man-made church empires can be megachurches or any religious organizations.

Preachers are gratifying their sins, such as desire, greed, and materialism, in these man-made church empires. The empires of man-made churches lack financial transparency. Just like black holes, the sins hidden in these empires are not visible to naked eye. Only God has to reveal these empires and protect believers from these empires. These church empires deceive even the elect. They appear to be spiritual due to their beautiful outward appearance or disguise. Although these empires employ many genuine people, on the inside they are a fortress of sins.

Intercessors pray that man made church empires to be exposed and multitude of sins inside these empires to be destroyed. There is lot of difference between stars and black holes. Black hole absorbs all light whereas the star emits or reflects all light.

Churches must change their perspective from black hole mindset (receiving mindset) to star mindset (giving mindset). The star mindset is a giving mindset where the church draws life of Jesus from the storehouses of God and gives Jesus's life to believers. Life of Jesus is a combination of many natures of Jesus like revelation, wisdom, healing virtue, power, mercy and love of Jesus, etc. Depending on the situation, the church has to draw that needed life of Jesus to meet the need of all believers. For example, when the church has lot of sick people, the church must draw the healing virtue of Jesus. Churches again have to be teeming with the life of Jesus. Churches must once more be bursting with Jesus' life. There should be many apostles and preachers raised from the church. The church is heavily dependent on the life of Jesus for all its needs.

The church of Jesus should once again become a place where the sick can go to be healed, the fatherless and orphans can receive care, the sad can find comfort, the depressed will find refuge, etc.

As intercessors, do pray for the below points

- 1) There should be a shift in church mindset from a receiving to a giving mindset
- 2) Fortress of sins within the church must be exposed and destroyed
- 3) God to reveal the man-made church empires to believers
- 4) God to restore the lost glory of the church
- 5) The church must recognize the importance of Jesus's life.

## **Believers are allowing dark evil spirits**

The Tsunami of darkness is approaching God's church. One of the causes of this tsunami of darkness is the fact that believers are allowing dark evil spirits to influence and work in their lives. Like Rachel, these believers have stolen or taken idols of false gods. Although the believers haven't physically taken any idols, they have adopted the false gods' beliefs and practices for their own benefit. Idols can represent ways or practices that go against God's commands and will. Many believers might have not known that these ways belonged to false gods but kept these idols because they provided some advantage. They have begun adopting the beliefs and practices of their idols in order to get blessings.

When miracles and healings happen without aligning to God's will or in opposition to God, then all these miracles are from false gods. Sometimes miracles happen by doing things in a pattern without believing God, then these are also from false gods.

Laban was searching for the idols that Rachel has stolen. The act of stealing is a sin. Only the items that the thief deems worthy are stolen by the thief. Thieves steal things that are valuable. Rachel

might have considered the idols as valuable. Rachel has stolen the idols of household gods of Laban. For Laban, the idols became part of his household. Idols had the same importance as his daughters. So, Laban came to take back both the daughters and the idols. By following to the practices and ways of idols, we made it possible for evil spirits to enter our lives. As Laban pursued Rachel, the evil spirits pursue and take over the lives of individuals who stole their idols.

Laban might have discovered and taken away the idols that were with Rachel but could never take back the impressions that were created by the idol. Rachel discovered more effective ways to hide the idol because she was unable to return it. It's possible that Rachel's heart held onto the idols. The idols might have clung to Rachel's heart. Lot of impressions of idols have clung to our heart. Let God purge and remove all the impressions of the idols in our hearts.

Rachel did not repent and come open to Jacob. God was speaking to Jacob and even to Laban. However, God was not speaking to Rachel. Despite knowing the true God, Rachel still kept the idols. Rachel saw God's miracles but yet kept the idols. Rachel's beliefs remained the same even after witnessing miracles. Rachel still clung to the idols. Rachel was willfully keeping the idols. God does not have anything to do with willfully sinful believers. God will stop speaking to a person who willfully commits sins. God waits for him to repent and then he speaks. God is silent until he turns to God in repentance. God provides chances for repentance.

These idols can be the belief in false gods, evil mindset, or any ways which are against God. Rachel brought the idols into the promise of God in her life. This is truly a tragic situation; Rachel hid the idols and brought these idols into her God given promises and blessings. One side, God was speaking to Laban and Jacob, Laban and Jacob

made a covenant, all these things did not affect Rachel. Rachel still hid the idols. Today also it's the same, God's presence is moving but lot of Rachels remained unaffected and untouched. They still don't experience their lives changing in God's presence. They are still stubbornly clinging to their idols. God's presence bypasses these Rachels. God is giving you opportunities while He waits for us to turn from our sin and repent. Repent, turn from your sin and let God's presence change your lives once again to enter the path for God's blessings.

Lot of dark forces are working in lives of believers because they approached and followed the ways of false gods for their urgent needs, blessings, healings, etc. The believers opened a door for evil spirits to enter their life as a result of compromises or short cuts taken in order to gain blessings and solutions to urgent needs.

Saul held a position of power, yet following Samuel's death, the Lord gave him no direction for battle (1 Samuel 28:3). To gain advice regarding the war, Saul went to a witch.

For Saul, the urgent need must be met, whether the answer comes from a prophet of God or a witch. Winning the war is the priority rather than winning the war in God's way. The urgent need must be fulfilled. A man who loves God does not go to a witch. In order to get an answer for their urgent need, Saul went to a witch. Many preachers, pastors, believers in order to get an answer for their urgent needs, have approached diviners, witches and witch doctors. These diviners or witch doctors have induced dark forces into the lives of believers.

This tsunami is approaching to destroy all Rachels – pastors, preachers and believers who allowed and believed the dark spirits.

For all Rachels there is a need for genuine repentance. Only via repentance, God can intervene in all Rachels life to protect and destroy the work of dark forces.

As intercessors do pray for the below points

- 1) Genuine repentance for all preachers and believers who followed the ways and practices of false gods
- 2) All the works of Laban's spirit to be destroyed.
- 3) Believers should not approach evil mediums for their urgent needs.
- 4) Repentance from willful sins.

## **False Peace**

A tsunami of darkness is about to come, but the church is caught sleeping. The church is completely caught unaware of the tsunami. Similar to the Boxing Day tsunami (26 December 2004), Christians are caught up in their lives of false peace and are unaware of this tsunami. Jeremiah prophesied that the Babylonians are approaching, but the king of Judah chose to believe the false prophets who said that the land would be at peace and in a state of victory. How is it possible for peace of God to be there in the land when there is so much evil, sin, and wickedness in the land?

The false prophets have proclaimed peace when there is so much of wickedness in the land. There are lot of prophets and preachers proclaiming peace in the land where there is so much wickedness, much like the false prophets in Jeremiah's day. The land is polluted with sins, yet the preachers are proclaiming peace and blessings. How can there be peace when there is fornication, adultery, lies, sexual immorality, and greed in the church? The believers are

playing the harlot while the preachers live in their castles or mansions of sin.

There is no difference in lifestyles (ways) of a preacher and a believer. True prophets are getting along with the words and prophecies of false prophets. All prophets are prophesying prophecies about blessings and growth. Diviners are deceiving believers with their false prophecies and strange doctrines.

Believers don't know the difference between a diviner and a prophet of God. Just because a diviner predicts your future or present correctly, it does not make him a prophet of God. A diviner will charge for their fortune or future telling services, but a true prophet will not take money for their prophecy. A diviner since he takes money, finds a solution for your problem by turning to God or an evil spirit, but a prophet of God communicates the heart of God for a situation. How many preachers and prophets have become like diviners charging for the God given gifts or prophecies? How many ministries are built on the use and display of prophetic gifts and healings?

Everywhere there are sugar coated messages of God's blessings. Where is the gospel and truth of Jesus being proclaimed that reveals God's wrath, holiness, and anger? Everyone who preaches like Jeremiah gets imprisoned and executed like John the Baptist. Where are the testimonies that believers are transformed entirely when they are touched by the holiness and fear of God? Because there is no fear of God or understanding of God's wrath or sacrifice of Jesus, believers are returning to their old ways. When was the last time you shook or trembled in God's presence?

When was the last time God moved in your church, producing miracles and healings, and you felt a reverential dread or fear of God?

The pulpits and meetings become a place for preachers to brag(self-promotion) about their past miracles and ministries. When was the last time you listened to a sermon that exposed your sins and made you aware of your sins and forced you to confess them and approach the altar? When was the last time, a sermon set you on fire for Jesus and made you repent of your sins and the sins of our nation? It's disappointing to observe that there is no fire in the pulpits or the believers. The churches have become valleys of dry bones without the life of Jesus. Instead of feeding divine manna from heaven they are feeding stale food that has been taken from other preachers or surroundings. When was the last time you found Jesus in the church service and took Jesus to your home?

Because preachers have lost the passion to see Jesus, when they preach believers also lose the passion to see and love Jesus. Believers are unable to distinguish between God's work and social service. Sacrifices done for social work is not sacrifices done for God. Preachers need to convey God's need or plan for this season. Preachers make believers live comfortably in their sins by not preaching about God's wrath and repentance. Preachers preach sermons which satisfy believers worldly desires and in return those same believers fulfil the preachers' own selfish motives. It's a win-win situation – a worldly exchange where everyone benefits. Where is God in all this worldly exchange of desires?

In this land, lot of fake healings and miracles are manufactured. Some preachers perform their drama of miracles and healings during their ministry meetings. Do you think God is silent looking at this drama? How recently did you witness a true genuine work of God, such as a healing, miracle, or a genuine conversion?

Instead of ushering people into God's presence, the worship leaders have them dance to the tunes of their music. They create

an artificial supernatural presence of God by their music, emotional songs, or inspirations. Believers struggled to distinguish between God's presence and this emotional presence induced by music. If the believers cannot distinguish between God's presence and false (emotional) presence, how can they discern between God's voice and self or Satan's voice?

When there is no discernment, believers think all fake work or fake move as the true move or work of God. It's sad to see that so many believers without discernment lived in fake move or work of God for many years.

Pastors instead of protecting their congregations from the evil of the land and God's wrath, are robbing the congregations of their money through excessive tithing.

How can there be peace in this land? Even though God has abandoned and left the church, yet they are proclaiming peace. All blessing and growth-related preaching and prophecies are a bunch of lies. There can be no peace unless believers submit and align to Jesus' will and plan. Believers are enjoying in their wicked lifestyles and preachers are enjoying in their sinful mansions. Where does God fit into this set up of Church?

Church, it's time to wake up and come out of the false peace. Looking at such a sinful and wicked state of the church, the false peace, the false doctrines, the believers living comfortably in sins, the preachers misusing the gifts of God, the ministries becoming mansions of sins, the sins inside the church are worse than the sins outside the church. When we consider the condition of the church and the believers, how can we not be in tears? Intercessors raise up and stand in the gap praying for God to have mercy on the church and believers. Plead with God, like Abraham did, to halt this onslaught of darkness for the sake of the righteous.

As intercessors, do pray for the below points

- 1) God to come back to His church
- 2) A fresh wave of genuine repentance to come on the church
- 3) The fear of God to come back to this land
- 4) Peace of Jesus to be restored in this land.
- 5) Believers are opened to the truth of Jesus
- 6) Believers who spent years in the false move or work of God are brought back into the real move of God.

## **God's chosen vessels are malfunctioning**

There is a tsunami of darkness is approaching the land. One of the reasons for this tsunami is that God's chosen vessels are misfiring and malfunctioning. They're misfiring because they've fallen somewhere and lost God's power. Instead of destroying their enemies, they are destroying themselves. Misfiring can even include the misuse of Gifts of the Holy Spirit. Misfiring gradually leads to an unstable usage of God's power and gifts. Misfiring can also occur when the Gifts are not used in God's way and time. They are incapable of hitting and destroying enemy targets.

Over time, these vessels' have lost the sharpness to penetrate enemy camps. Their prayers don't have the patience and persistence to get an answer from God. Their prayers are empty words without power. Looking at their lives, people see more of the world and less of Jesus. More people are led to sin looking at their lives. They preach Jesus in their sermons, yet their lifestyles and deeds do not resemble the Jesus whom they preach. A saint once said, "Let all the brothers, however, preach by their deeds."

This is God's standard of preaching: preach by our deeds and lives more than our words. Our deeds or lives itself become a sermon. For example – People will gain a better understanding of Jesus' love when they watch us demonstrate Jesus's love. People by seeing our lives, every Christ like attribute will form words of a sermon. True Sermon is not a collection of many words but a collection of displayed Christ like attributes. Display of Jesus in and through our life is the most powerful life changing sermon. The Christ like attributes we display, speak loudly than words in the hearts of gentiles and non-believers.

People see our Christ like attributes we display in our life as a sermon. Before even preaching a word, people used to see Jesus Christ in Sadhu Sundar Singh's life. The way we talk to others, love others, and treat others, all of them display Jesus. They look our Christ like attributes we display in our life. These Christ-like attributes will change people's hearts and lives. Sometimes people don't understand our sermon from the pulpit, but they understand the sermon we display through our lives. What we follow in life we preach back in the pulpit as a sermon.

These chosen vessels have become unusable in the hand of God. They were once upon a time used by God but now have become irrelevant or calm. God keeps them for their witness, testimony, and remembrance of the past miracles. They are display vessels of God's marvelous work in the past seasons. They are not a part of God's current move. Just as Esther was not summoned to the king's courts or inner chambers for some days, these vessels have not been summoned to the inner courts of Jesus for some time.

They have been in the king's palace but have been sidelined by God. Some of these vessels have lost the personal communication with the king. Somewhere these vessels have lost their first love for Jesus. They receive all provisions from the king's palace, but they

do not have an opportunity to talk to or hear from God. They don't share an intimate relationship with God. Some vessels, like Vashti, have disobeyed the Lord's command and pushed away from the king's palace.

Some vessels have become unusable in God's hands, such as Esther (before Haman plots to kill the Jews) in the king's palace, while others, such as Vashti, have been stripped of God's authority and relocated outside the king's palace. Esther may have obtained provisions from the king's palace, whereas Vashti did not obtain provisions from the king's palace. In either scenario, neither was summoned to the king's inner court on a daily basis. Today also they are lot of vessels that were used by God long ago but now are kept unused. They are not summoned to the inner courts of God to commune with God. They don't share an intimate relationship with God. They have the power or the name of the queen but do not fulfill the responsibilities of the queen. Vessels that do not commune with God on a daily basis gradually become unused.

Vessels like Esther must discover why the king has not summoned them to His inner courts. Maintain a holy yearning or desire for the king to summon you back to His inner chambers.

Vessels such as Vashti must repent of their disobedience and return to the king's palace to meet the monarch.

While Esther and Vashti were silent, Haman has passed a legislation to harm God's people. One of the causes of this tsunami is the silence of these vessels.

Pray for the following points as intercessors:

- 1) Restore the working of gifts in the Church
- 2) Preachers to preach sermons by deeds or lives more than words

- 3) Malfunctioning or Misfiring vessels of God to be functioning as per God's standard.
- 4) Vessels like Esther in King's palace to be part of Jesus plans
- 5) Vessels like Esther to regain their first love for Jesus
- 6) Vessels like Vashti to repent and come back to God.

## Complex Doctrines

A tsunami of darkness is approaching the land. There is no prayer wall that is blocking the tsunami. The believers are trapped in their sins, ignorance, and partying lifestyles because of a compromised gospel. This compromised gospel created an acceptance of sinful lifestyles, mountains of doubts, a lack of God's fear, and, eventually, made believers into lifeless beings. Because there is no power in the pulpit, believers do not experience the fear of God or have no fear of God. There is no faith displayed in lives of believers because they are filled with mountains of doubt. The sermon from the pulpit does not instill a holy fear of God.

The believers don't show Godly love because they have not seen Godly love in church. There is no knowledge of God because they have been bombarded with lot of doctrines which tell mountains of lies about God. The pulpits have stopped preaching a simple doctrine about God (with the backing of God's power and authority) rather a complex doctrine with no power. Because there is no power in simple doctrine, so they resorted to complex doctrines. Complex doctrines can include new doctrines, mysteries, overemphasizing on one aspect or doctrines with less biblical support. These doctrines are difficult to understand and require some effort. Jesus always spoke in parables that everyone could understand.

This complex doctrine created a hype and an excitement about the doctrine and people week after week, longed to hear the doctrine. These complex doctrines draw people to their doctrines rather than to God. The word preached from the pulpit should penetrate and rub into the lives of believers. Only God's power (with the help of the Holy Spirit) can rub or penetrate God's word into the lives of believers.

There is a wow factor with complex doctrine, but no power. Word without God's power and authority is merely storytelling and has no impact on the lives of believers. With complex doctrines, believers will be circling in circles for many years, failing to achieve God's purposes. These complicated doctrines destroyed our simple faith, love, and trust in God. These doctrines even made us inapproachable to God. These doctrines sometimes established a barrier between you and God.

Nowadays, there are many preachers who preach complex doctrines. They tell new stories and create excitement every time, but there is no God in any of these stories. All saints of God in previous generations preached a simple message about God with lot of power. This message is simple yet was very powerful. God's power comes or depends on consecration of the vessel. If the vessel is consecrated, he does not need to speak many words. With few words, we can see God's power. The simple sermon triggers a divine move of God.

But now with these complex doctrines there is no power. We know more about of these doctrines than God. We fell into the trap of these doctrines because we did not discern regarding the doctrines from God.

Believers have the lost simplicity of the Gospel. Believers cannot associate with God in a simple way because of these complex doctrines.

These complex doctrines have created mountains of doubt in hearing and obeying God's voice. Because of these doctrines, believers are unable to clearly recognize God's voice. For example – God will bless you based on your tithes and deeds. This is one of the lies. God will bless you because He is your father. We do good deeds and give tithe because we love Jesus. This is the truth.

As intercessors, do intercede for the below points.

- 1) Pulpits should preach a simple and easily understandable sermon about Jesus. The believers should experience God's power transform their lives as a result of this sermon.
- 2) God to break mountains of doubt in hearing God's voice, doing God's will, and following God.
- 3) God to demolish mountains of lies about God and reveal the true knowledge of God.
- 4) Simplicity of associating with Jesus to be restored again.
- 5) Believers to discern whether the doctrine is simple or complex.
- 6) Believers who are stuck in complex doctrines should get out of them and get back on track.

## **Stale Manna from Pulpits**

In this vision, the darkness is approaching the land. One of the reasons for this is that pulpits are serving stale manna. Pulpits are serving stale word or food to their congregations. Stale food has caused faithless lives, decay in health, no love, and lack of fear of God. The believers' lives have decayed and become rotten as a

result of consuming stale food. Stale food does not create an appetite for true manna or word of God. It creates a sick lifestyle. Because the pulpits serve stale food, the congregations have lost interest in reading the Bible, praying, and showing love to others.

Believers have even lost the desire to seek the face of God. When the believers attend the church, they become weak rather than being strengthened. The church has become a theater of con artists, with the pastor serving as the primary con artist. They manufacture God's presence, God's gifts, and healings. Instead of trusting God they trust on their abilities and performance. These con artists have turned the house of God into a den of thieves.

The congregations, like their pastor, have become crooked. Everyone wants their gain, their money, and their motives met when they come to church.

The fresh manna from Jesus is not served in the pulpits. The fresh understanding about Jesus is not given to the congregations. It's become a storytelling from the pulpit, where preachers share convicting, emotional stories to motivate people. All preaching that does not – expose sin, its consequences, emphasize the need for a savior, and lead people to repentance by believing in Jesus is merely storytelling. All messages that boost our ego without pointing out our sins are motivational stories. There is no freshness of Jesus in the pulpit or in the congregation. Because there is no progressive growth of knowledge of Jesus, the congregation's hearts harden over time.

The fresh manna from heaven creates a desire to see more and more of Jesus. The following are some examples of stale food given in pulpits.

- 1) Preach sermons from books – Copy doctrines from books without the preachers putting them into practice.
- 2) Copy sermons from other preachers – Preach other preachers' sermons rather than their own.
- 3) Preachers are not living the Jesus they preach. In this situation, there is no power. Preachers preach the sermon without applying or living it.
- 4) No revelation of Jesus
- 5) Encouraging certain sins

Preachers must draw from God's well of living water to feed their congregations. When preachers don't draw fresh manna from heaven's storehouses or ovens but instead draw from the world or the surroundings, the manna is stale.

Any message or sermon that comes from world without a divine touch is always stale. At least one point in every message should have a divine touch. The health of congregation is deteriorating because the manna is stale.

Preachers must once again spend valuable time with God to receive fresh manna from Him. Fresh manna or word will keep the congregation healthy and rich in God.

Please pray for the following points as intercessors.

- 1) Remove the side effects of eating stale food in the pulpit.
- 2) Remove stale food from the pulpits.
- 3) Fresh working knowledge of Jesus to be preached from the pulpit.
- 4) Preachers to gather enough manna from heaven for their congregations.
- 5) Preachers should spend valuable time before God in order to receive fresh manna from God.

## Complete Armor of God

A tsunami of darkness is approaching the land. There are no armored soldiers fighting against the darkness. Our battle is not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this age, against spiritual hosts of wickedness in the heavenly places. As a result, Jesus is calling a large number of intercessors as soldiers to pray alongside Him in His army. Experienced intercessors are busy with their own needs, and newly called intercessors lack God's armor. The newly called intercessors do not have a life of faith and dependence on God. They still not have experienced the power and life available in God's word.

The word of God is a sharp double-edged sword. One side to expose the fake, while the other will reveal the truth. These new intercessors' prayers are dull and lifeless because they have not experienced the power of God's word. The intercessors lack the experience of God's word changing their lives. They hear the word of God, but there is no change in their lives. God chose these infants, babes, and backslidden Christians to be the new intercessors. God is giving His life to these intercessors by opening the scriptures. God's spirit is hovering over the lives of intercessors, encouraging them to read, meditate, and incorporate God's word into their lives.

Jesus himself is teaching the intercessors to learn dependence on him by getting hold of scriptures. Get hold of scriptures until everything mentioned in them is fulfilled. Scriptures activate God's power in the external world, creating a barrier against the enemy. Jesus instructs the intercessors to wield the swords of word of God to break, bind, advance through the darkness. The word of God has infinite power, but it is your ability to draw this power with the help

of the Holy Spirit that makes the difference. The power from the word of God is infinite. You must draw this power as intercessors in order to stop the tsunami.

The intercessors are slowly being clothed with the complete armor of God through the scripture. The complete armor consists of shields, breastplates, helmet, and sword. The materials for the armor come from the lives we display like truth, salvation, righteousness, peace, and word of God. God is working on all of these areas in the lives of the intercessors. Is there truth in the inmost parts of your lives? Are you putting a breastplate of righteousness? Do you have a helmet of Salvation and a sword of the Spirit?

If any of these are missing, you will not have a complete armor of God. God will not allow you to go into battle without the complete armor of God. When you put on the complete armor, Jesus takes complete control over you and fights the battle through you against the darkness. You wear the armor; God will fight the battle.

You will be a soldier dressed in God's armor. Jesus will completely fill you and use the armor to fight the battle. It is now the Lord's battle. Jesus inside you using God's armor will fight the battle. Jesus will completely take control of you and use God's armor in God's way and power. You put on the armor, and then Jesus takes full control of you and fights the battle. Our God is a God of angel armies. Our God knows when to use which weapon. When God enters a battle, it is always a victory for God.

Prepare to put on God's complete armor as intercessors. It's time for battle against darkness. Jesus is prepared to train and equip you as His soldiers. Are you ready? You were called for such a time as this to enter the battle against this darkness.

As intercessors, do pray for the below points.

- 1) Draw power from the wells of scripture.
- 2) Meditate and experience the life changing power in the word of God.
- 3) Restore the standard of God's word to God's original standard.
- 4) God's word to be formed and displayed in the lives of believers.
- 5) Ask God to equip you with the complete armor of God.

## **All Glory to Jesus alone**
